New Features

- **Smart Button** – one button does it all (Test and Hush)
- **Smart Hush®** – will temporarily silence nuisance alarms and will not allow hush to be activated unless unit is in alarm
- **Silent Hush®** – will not chirp while in hush mode
- Alarm memory with battery run down protection. Originating alarm flashes red LED, which will shut off if AC power is not present and the battery voltage drops below 8 volts to conserve the battery
- New styling for Ionization alarms now with non-yellowing, rigid PVC material
